

NG Leave Policy 2026

Purpose:

“The care of the self is the beginning of the care for others.” — Michel Foucault

At NavGurukul, we recognise that work is an important part of our life and it's essential to ensure a better balance between our professional as well as personal commitments. This balance can be unique to us that serves our well-being in the best way possible. The Leave Policy document outlines the various kinds of leaves and resources for NavGurukul team members, and is a step in the direction of that balance. The document has been made keeping in mind the spirit of inclusion and holistic well-being.

Important Change in the Policy:

We're introducing a NavGurukul Holiday Calendar and removing festival-specific leaves. The goal is simple: to give our team meaningful rest and the chance to celebrate important occasions with family, friends, and the community.

The Fixed NG Holiday Calendar has been designed to:

- **Include culturally significant and widely celebrated festivals across India.**
- **Comply with statutory requirements under national and state laws.**
- **Promote fairness and make leave management simpler.**

This approach encourages everyone to take their leave fully, enjoy holidays without confusion, and maintain a healthy work-life balance, all while respecting both statutory and cultural considerations.

Please refer to this:

General POLICY guidelines

Work Days :

- 1. NavGurukul works Monday to Friday and 1st, 3rd and 5th Saturdays. All working Saturdays will be for Learning and growth purposes and AT needs to be filled with a Learning agenda on working Saturday.**
- 2. Our usual work hours are 10 am to 7 pm; NavGurukul supports flexible hours; teams can plan their work hours accordingly, ensuring that other teams' work is not hampered and that we are available for meetings and discussions during official work hours. On a full working day, we ensure that we log in for 9 hrs (including lunch).**
- 3. Some days can be treated as less active due to lack of internet, bad health or any other reason, making our accessibility less like any other day. Please keep your team members informed in such cases. If we cannot work at all, taking leave in such cases is preferred.**

4. We believe in work flexibility. Team members can take small breaks at work whenever needed, in coordination with the team to account for dependencies.

Compensatory Offs :

1. Team members will be entitled to take 1 compensatory leave during any working day and within one month from the working day they are compensating for. More than one compensatory offs (against extra work on otherwise off days) can be approved in exceptional cases in consultation with reporting managers. Refer to this to see how to apply for Compensatory off:

Process for Taking Comp-off

1. Working a minimum of 4.5 hrs on an off day will be considered half-day working, against which a half-day comp off can be taken based on the comp off guidelines.
2. CII and CIF fellows commit to a defined period of work. In case leaves taken exceed the allotted quota, the fellowship period may be extended to ensure the committed work duration is completed.

Encashment and Carry-forwards :

1. All leave entitlements coincide with and are determined for the calendar year from *1st Jan'26 to 31st Dec'26*
2. Max up to 5 casual leaves can be carried forward to the following year. No other leaves (wellness/special/compensatory off) can be encashed and/or carried forward if not availed. This carry-forward is applicable only for the immediate next year.
3. No leave encashment will be followed during the full and final settlement.
4. Please note: If the individual has taken more leaves than their entitled balance (total allocated calculated for 12 months), the excess leave will be deducted from their final salary in the month of January or during FnF for exit cases.

Special Approvals for some leaves:

1. Clubbing special leave with general leave can be done only with prior approval from the reporting manager and in consultation with the PnC team.
2. A One-time Adoption allowance of Rs. 25000 INR will be offered along with the adoption leaves for team members if the adoption happens after 6 months of employment
3. Team members who want to take vipassana leave before completing 4 months can do so with prior manager approval.

Leave without Pay :

1. Team members are entitled to leave without pay (max 2 months) if they have been working 12 months in total capacity with NavGurukul, have proper reasons justified and approved by the reporting manager, and have proper management of work taken care of along with the team during the absence. In cases where a return to work may not happen, PnC will go ahead with a full and final settlement after duly considering the case and in discussion with the reporting manager. The function head has the responsibility to approve leave without pay requests.
2. Unpaid leaves amounting to deduction will be waived off/adjusted with the yearly eligible general leaves only with prior permission from the reporting manager.

Short-Term and Part-Time Employment:

1. All team members working on hourly commitment or short-term project basis will not be eligible for the aforementioned leaves except on a case-to-case basis
2. NavGurukul students working as Part-Time interns and Learning apprentices will be eligible for Student Leave only.

Campus Team Leave Guidelines

Campus teams put in a lot of labour of love to keep all campuses happy and healthy. Campus team members stay on campus, and the distinction between their personal and professional space is often blurred. The aforementioned guidelines are an attempt to create a healthier balance. This ensures that there is space for upholding campus responsibilities and ensuring the team's well-being.

Work during off Saturdays:

1. Students do not get any Saturdays off, which requires some campus team members to still be available on their off Saturdays (2nd and 4th). To ensure that the campus team also gets 2 Saturdays off in a month like any other NavGurukul team member, the campus team members can together decide their working and non-working Saturdays on a rotational basis.
2. For at least 1 CA, 1 AA and 1 OA, the 2nd and 4th Saturdays would be working, and their 1st and 3rd Saturdays would be off instead.
3. The Campus Team can decide this division together under the guidance of their PML, with formal intimation to their respective reporting managers based on the work demands.
4. If any other team member wants to work on their off-Saturday outside of the rotational division, they would need prior approval from their PML and reporting manager.

Work during non-working hours :

1. Certain emergencies or other urgent situations on campuses can often demand attention and intervention outside the team's working hours. To ensure a fair

division of work and permit ample time off for all team members, the Campus Teams can follow an “On-Call” System.

2. Any team member will be announced as “On-Call” on Discord in cases of emergency, and this team member can address any urgent situations that demand attention as a first responder.
3. The span of responsibility for an On-Call team member would cover any critical student issues arising during odd hours and on Sundays, if any. They can and must escalate the issue depending on its seriousness. If no issue arises, the team member can continue to enjoy their time off.
4. The on-call team member could avail a compensatory off in case they end up working half-day or full-day due to the urgency, after approval from their Scrum leader

For campus teams, the leave process is outlined in the guidelines below:

How to Avail Leaves: For all NG employees

At NavGurukul, we trust you to manage your work responsibly while taking care of your well-being. Taking time off in a mindful and balanced way is encouraged and appreciated. Here’s how you can go about it:

General Guidelines

1. All leaves should be informed and approved by your manager.
2. Apply formally through Activity Tracker (AT).
3. Keep your team updated on Slack so work can be planned around your absence.

General Leaves

Leave Duration	Notice / Approval
1–3 days	2 days notice
4–7 days	2 weeks
8–15 days	1 month
16+ days	2 months
Emergency / Wellness	Same day

- Leaves ≤ 3 days: notify manager + Slack team channel.
- Leaves > 3 days: notify manager via email + Slack team channel.

- **Compensatory offs follow the same process as general leaves.**

Special Leaves

- 1. Seek prior approval via email, ideally 1 week in advance.**
- 2. Emergency special leaves can be taken the same day, just notify your manager.**
- 3. Combining general + special leaves is only allowed with explicit manager approval.**

Other Guidelines

- 1. If advance notice isn't possible due to emergency, notify and seek manager approval within a week of returning.**
- 2. Managers / PnC may request supporting documents for special leaves (or post-emergency leaves) for record-keeping.**
- 3. Team members with dual reporting need approval from both managers.**

In short: Plan ahead, communicate openly, and take your well-earned rest. We're here to support you and ensure your leave is smooth, fair, and stress-free.
